

# WATH-P Kickstarter Video Storyboard

- People playing articulate (Presenter may be part of it)
- Failing badly
- Can't guess the word from the clues
- Have a fake Articulate entry for TMPMPP

- Presenter walks in / or stands up
- Tips over board game / smashes it away
- 'Look at this display of awful communication'

- Bad teamwork example in background
- Presenter talks about background research

- Points to overlaid graph / details
- Pointing in wrong direction
- 'Director' yells that its to his left
- Points left
- "Not your left, mine"

- Presenter now in VR environment green screen
- "Look at me, I'm in VR"
- Presenter now dressed as school student
- "Also I'm at highschool" / "I'm a student"

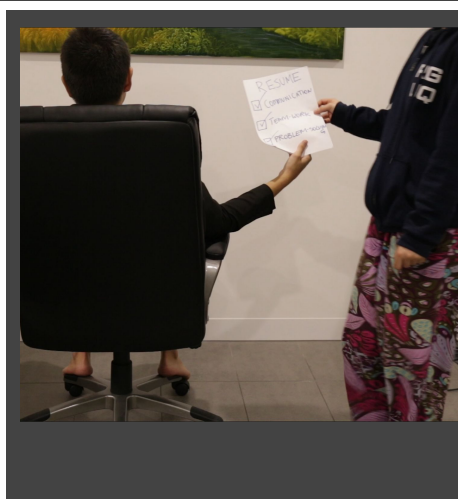

- Presenter wearing VR goggles
- "I'm using modern technology to learn one of the most important professional skills in life"
- Awkwardly moves around in VR

- Presenter talks about the benefits of learning communication skills at an early age in first person

- Briefly explains some puzzles they are solving in the experience as the team completes them

- "Look at me, now I'm a successful adult"
- *Hands in resume that says communication skills*

- "I'm successful because I learned teamwork and communication skills from an early age"
- I have been able to work well in team projects in design courses for example (subtle DECO3850?)

- Say's the resume owner is hired and throws the resume away

- "Now here I am with my equally successful family of 13" [miscounted # of people]
- Playing articulate
- Card is the name of the project
- Team guesses straight away.
- Well done Bob/Betty
